Water has occasionally entered the basement through floor drains when it rains heavily. Wet vacuums were immediately used to remove excess water (as were other household items, e.g. towels, fans, etc.) Plumber was called to assess any potential issues. As a precaution, drain was snaked by plumber (May 2017 - June 2017). Contacted City of North Olmsted and they come to investigate potential issues and confirmed that the issue had been addressed.

Following Hurricane Sandy, a restoration company was called and took the following actions:
 All water was removed and a complete disinfection of the basement was completed.
